

## INTERNATIONAL DESIGN COMPETITION 2018

The CADD Centre's design competition IDC (International Design Competition), made efforts by spreading its wings on a global basis in the field of technical design.

IDC is a progressive step to motivate and encourage young designers with their participation. This competition identifies the best student designers and rewards them with the honors they deserve. The competition is designed to be a creative stage for the technical performers to help them showcase their talents for the design projects. The competition motivates students to think, create and exhibit innovative designs on a global platform for projects that can be practically implemented.

## BITian won First Prize in International Design Competition

Mr.C.Dhayanandhan (161ME129), III year Mechanical Engineering student won the First prize with cash prize of 1000 USD (Rs.72,000) in the grand finale of **International Design Competition (IDC)** held at Chennai on 14.11.2018.
