

## MTS NANDA STUDENT INNOVATION AWARD - 2022

The Final Presentation for MTS NANDA STUDENT INNOVATION AWARD was conducted through online on 16.02.2022, from 1400 to 17.30 Hrs. The total projects received for the award were 31 out of which, 12 projects were shortlisted for the final presentation/Demo. A selection committee evaluated the projects based on the innovative idea, prototype model and presentation. After the interaction with the student teams, the Jury selected two student teams as Winners (UG&PG). However, considering the overall performances one more team is recommended for a special "Appreciation Award" with a certificate of appreciation by the Selection Committee
