

MTS STUDENTS SCHOLARSHIP FOR UNDERGRADUATE STUDENTS - 2017

	<p>Ajith Raj, a graduate student in Electrical and Electronics Department, SRM Institute of Science and Technology, Kattankulathur has won the prestigious 'MTS Undergraduate Scholarship' for 3000 USD. The MTS (Marine Technology Society) Scholarship has been awarded to 6 students internationally spanning across US, UK, Australia and India for their contributions made towards the Marine Technology development and awareness amongst the students of various disciplines.</p> <p>Ajith has also been part of various multidisciplinary funded projects and Initiatives in SRM and has represented his college for Marine Autonomous Surface Vehicle(ASV) development in International Robo-boat Competition in Virginia. He was also amongst the founding members and Secretary for the 'SRM MTS Student Chapter', which is the first MTS Student Chapter in India, and he also served as the Technical Head for IEEE KTR Branch.</p>
	<p>Mohanraj is a final year B.Tech student in Civil Engineering at National Institute of Technology Tiruchirappalli. He served as the Vice Chair of MTS Trichy Student Section in 2016 during its founding year and currently serving as the Chair. His interests are in marine renewable energy and coastal protective measures. He pursued his second year internship at Ocean Department of IIT Madras in Offshore structures. He represented NIT Trichy at Rashtrapati Bhavan for a project he pursued on Coastal protective measures for Chennai following the 2015 floods and subsequently carried out flood risk mapping at University of Wuppertal, Germany in 2017.</p>
	<p>Naveen NB is currently pursuing his B.Tech degree in Civil Engineering at NIT-Trichy. He had served as the Executive Secretary of MTS Student Section, Trichy in the year 2016. He is currently the Treasurer of MTS Student Section, Trichy. He has an immense interest in the field of Coastal and Environmental Engineering and Marine Biotechnology. He has done a research project in NIOT in the field of coastal protective measures as his 4th year Internship and is currently interested in pursuing it more and is keen on bringing a massive change in that field. He has organised various events on Coastal Protective measures and Unmanned sea vehicle competitions in his Institute so as to drive an interest into other students in the Marine field.</p>

MTS - VEMBU SCHOLARSHIP FOR UNDERGRADUATE STUDENT S - 2018

 A portrait of a young man with dark hair and a mustache, wearing a red and blue plaid shirt.	<p>Sathyaram is currently pursuing his final year graduate Engineering in Electronics and Communication Engineering from SRM Institute of Science and Technology. He is an active member of MTS SRM Student section and member of SRM AUV team. Presented a paper in the MTS TechSurge conference on Underwater Search & Rescue (SAR) and his paper won prize. Selected & Sponsored for the "imaginary AUV project" at the AUV 2016 conference by IEEE OES Japan and University of Tokyo, Japan. He received one year free IEEE student membership and MTS Teledyne free student membership. He has received the MTS Vembu Scholarship for the year 2018</p>
 A portrait of a young woman with long dark hair and glasses, wearing a light blue patterned shirt.	<p>Abhilasha Dey from SRM Institute of Science and Technology, currently doing her third year of engineering in Computer science engineering. She is an active member of SRM MTS Student chapter as program advertising committee and also head in ROV team in SRM campus - Recon subsea as a software engineer. She has received the Vembu Subramaniam Scholarship for the year 2018</p>
