

STUDENTS ORIENTATION 2019

BIT MTS Student Section and Unmanned Underwater Vehicle (UUV) Lab team members conducted an orientation program for first year students on 04/02/2019. In the orientation the MTS members introduced Marine Technology Society and gave awareness about the past events. The members also discussed about the nature of work in the undergoing projects and upcoming projects. They also explained the importance of Marine based Technology, need of acquiring knowledge in Marine field and future opportunities in marine field.
